## Voters Holds Final Judgement On Congress

National Legislators Quit Sunday after 8 Months of Work

WASHINGTON (AP)—It's up to the voters now to judge how good a job the 85th Congress did in coping with problems of the dawnning space age, the recession and other issues.

This year's session ended in the predawn hours Sunday, sending senators and representatives homeward after nearly eight months of work on Capitol Hill.

Most of them will get little vacation. They'll be starting to campaign in earnest for the fall elections which will fill all 435 House seats and 34 of the Senate's 96 seats.

Unless some big emergency requires a special session, the House and Senate will not meet again until Jan. 7 for the opening of the 86th Congress.

One of the most important bills passed the last day was a compromise \$3,298,092,500 foreign aid money measure. It also was one of the last.

The Senate took it up for the first time during the daylight hours and passed it after beating back efforts by Sen. Allen J. Ellender (D-La.) to cut the Senate total of \$3,518,092,500.

The bill then was rushed to conference with the House, which some time ago had passed a bill carrying \$3,078,092,500. After nearly five hours of haggling, the conferees agreed on the compromise that just about split the difference.

The final product, passed after midnight, totaled 652 million dollars less than Eisenhower asked originally for economic and military aid to friendly nations in this fiscal year ending next June 30.

As generally happens, the last day of the session was a busy and a long one. The House adjourned at 2 a.m. The Senate followed at 4:11 a.m., ending an 18-hour session.

Interspersed with legislating, there were final bursts of oratory and exchanges of pleasantries between the usually contending Republicans and Democrats.

In the House, Republican Leader Joseph W. Martin Jr. of Massachusetts offered a resolution praising Speaker Sam Rayburn (D-Tex) for the way he presided over the House. Rayburn returned the compliment.

A committee that notified President Eisenhower Congress had finished its business brought back the President's "best wishes to Mr. Sam," as Rayburn is called. (Please Turn to Page Two)

## Movie Stars Involved in 3-Car Wreck

HOLLYWOOD (AP)—Actress Janet Leigh, who expects her second child in November, was shaken up in a three-car traffic pileup.

Also jarred in the accident Sunday were her husband, actor Tony Curtis; singer Dean Martin and his wife Jean, and songwriter Sammy Cahn and his wife Gloria.

Following in another car were Frank Sinatra and comedian Ernie Kovacs and his wife, actress Edie Adams. The group was returning from a dinner party at the Santa Monica home of actor Peter Lawford.

Miss Leigh was treated for shock. She rested at home today.

Police said Robert Seddon, 39, Santa Monica, caused the mishap when he used his car as a battering ram against an auto in which he thought he saw his wife with another man. Seddon's car careened into the Curtis convertible, officers said.

When police arrived, Sinatra was standing up in his convertible calling, "May day, may day," over his auto telephone. His friends said he was contacting UCLA Medical Center to arrange treatment for Miss Leigh.

"May Day" is the international voice radio distress. Seddon was booked on suspicion of assault with a deadly weapon—his car.

## New Lebanese Chief Seeks Nasser Parley

CAIRO (AP)—The Cairo press reported today Lebanon's President-elect Fuad Chehab, wants to begin his administration Sept. 23 with personal talks with President Nasser and Iraqi leader Abdul Karim Kassem.

This report, distributed by Egypt's Middle East News Agency, was unconfirmed officially. But it strengthened indications that rapprochements are planned between the United Arab Republic and Lebanon and Jordan in meetings of the Arab League in September.

EXHAUSTED, Danish-American channel swimmer Greta Anderson, of Long Beach, Calif., slides up onto the beach at Dover, England after conquering the English Channel from France to England in exactly 11 hours. Her fantastic pace enabled her to set an all-time record for women swimmers of the Channel and to come within eight minutes of the fastest time ever for the France-to-England mass swim.

## Dulles Warns Red Chinese

Solons Back Policy Of Aid to Nationalists

WASHINGTON (AP)—Two House foreign affairs specialists today viewed Secretary of State Dulles' new warning to Red China as indicating probable U.S. action if the Communists try to seize Quemoy and Matsu.

Both Representatives Clement Zablocki (D-Wis.) and Walter H. Judd (R-Minn.) backed Dulles' stand as an aid to peace in the Far East.

Dulles said in a statement any Communist Chinese attempt to conquer the tiny Nationalist-held islands off the Chinese mainland would be regarded as a threat to peace in the region.

He did not spell out what, if anything, the United States would do in event of an all-out Communist attack on Quemoy and Matsu, which have been under intensive aerial and artillery bombardment for the past few days.

The Defense Department said Sunday night that in the light of the increased activity in the Formosa Straits the U.S. 7th Fleet and other naval forces in the Far East have been ordered to take normal precautionary defense measures. A department spokesman declined to say what such measures involve.

Zablocki chairman of a House Foreign Affairs subcommittee on the Far East, said in an interview he considers Dulles' statement as marking an extension of a 3½-year-old policy under a congressional resolution authorizing President Eisenhower to fight, if necessary, to defend Formosa, Nationalist Chinese stronghold, and related areas.

## Algerians Kill 4 Paris Policemen

PARIS (AP)—Algerian nationalists shot four Paris policemen dead today in a raid on a station-house. At the same time a series of explosions and fires erupted in the provinces.

Authorities believed the rash of incidents was part of a new terror campaign by the Algerians to attract attention to their demand for full independence.

The outbreaks came as Premier de Gaulle toured French Africa to drum up support for his new constitution to be voted on Sept. 28 in a public referendum.

## Nancy McFadden's Showmanship Victory Marred by Tragedy

## Fayette County in Fair Spotlight

Fayette County youngsters claimed their full share of the spotlight at the big Ohio State Fair right at the start of the Junior Fair program.

Nancy McFadden, 17, daughter of Mr. and Mrs. William McFadden of the Good Hope-Greenfield Rd., took first place in the statewide market hog showmanship competition Friday.

She was awarded the plaque presented by the Kroger Co. as the best hog showman in the state. More than 300 boys and girls from all parts of the state were in the competition.

She also won the showmanship competition at the Fayette County Fair.

Miss McFadden, who has been in the 4-H program for seven years, has centered her interest on pig projects. This year, she showed a crossbred Duroc-Poland China in the market hog class and took fifth place with it.

But, her joy was turned to sadness when her pig died of pneumonia Saturday night, only a few hours after the show.

## Commies Renew Quemoy Shelling

TAIPEI, Formosa (Tuesday) (AP)—Chinese Communist guns opened up on Quemoy again early today after slackening off on their massive bombardments during the weekend, the Defense Ministry reported.

Red guns shelled Tungtung and Quemoy Monday but the activity was slight in contrast to the raking fire of Saturday and Sunday.

The Nationalists reported turning back a seaborne Communist attempt to seize the island outpost of Tungting, 17 miles south of Quemoy, Sunday night.

Chaing Kai-Shek's forces also claimed their planes shot down two MIG17s in a dog fight over Quemoy Sunday night between 48 MIGs and an undisclosed number of Nationalist jets. It was the largest number of Communist planes so far reported in action at one time over the Formosa Strait.

After plastering the islands with nearly 80,000 artillery shells Saturday and Sunday in the heaviest barrage of the vest-pocket war, the guns on the adjacent

## Texan Is Named Top Majorette

RUSSELLS POINT, Ohio (AP)—A pert, 21-year-old Texas brunette, Sue Dickerson of El Paso, was crowned Miss Majorette Queen of America Sunday night.

The brown-eyed beauty, a coed at Texas Western College, won out over a field of entrants from 31 states and Canada.

She was presented with a trophy five feet tall, just one inch shorter than she is.

## Fayette County in Fair Spotlight

Miss McFadden will be a senior in Good Hope High School this year.

OTHER FAYETTE COUNTY youths who received recognition at the Fair Friday included two livestock judging teams.

The team of Mike Beatty, Larry O'Connell and Larry Carman placed fifth among the 35 teams from

The team scored 1,250 points out of a possible 1,500 for its judging of two rings of beef cattle, two rings of hogs and two rings of sheep. Each ring of livestock consisted of four animals and the teams were required to place each either first, second, third or fourth.

Beatty placed fourth in the individual competition with more than 100 boys and girls. He scored 455 points out of a possible 500. The winner was only five points ahead of him with 460 points.

The beef judging team of Rosalyn Murtling, Jerry Hoppes and Mike Wagner placed seventh among the 35 teams in the beef cattle judging, contest with 1,011 out of a possible 1,200 points. The winning team scored only 1,044 points.

The team judged two rings of Shorthorns, two of Herefords and two of Angus.

Wagner, also judging three rings of the same cattle, placed eighth

# Supreme Court To Study Integration Fuss Again

## Explorer V Reported Lost

Launching Is Fine, But Orbiting Fails

CAPE CANAVERAL, Fla. (AP)—What happened to Explorer V? The fate of the latest potential American satellite still was an apparent mystery today despite another stellar performance by the Army's "old reliable" Jupiter-C rocket.

Explorer V—the heaviest U.S. moon launched at 37½ pounds —transmitted its signal only briefly after liftoff at 1:17 a.m. Sunday.

Army scientists studied telemetry data received from the spectacular flight in an effort to determine what happened.

They know that the launching ran smoothly. All four stages of the complex Jupiter-C functioned normally, boosting the satellite to the 18,000 m.p.h. velocity needed to plot it into orbit.

A clear Explorer signal was monitored for seven minutes at Ft. Monmouth, N.J. It gradually faded away six hours later. The Defense Department announced the satellite was not in orbit.

U.S. scientists hoped Explorer V would tell them more about a dense expanse of deadly radiation starting about 600 miles up. It extends far into the unknown. Man must be adequately protected against this radiation before starting adventures in space.

The radiation band is being investigated by Explorer IV, which blazed into an Orbit July 26. Preliminary information shows that the intensity and energy of the rays are much more severe than was expected.

The equipment in Explorer V was changed slightly from its predecessor to take a closer look at this radiation phenomena at higher altitudes.

Scientists speculate that the radiation—type still unknown—could kill an unprotected man in about 4½ hours to a few weeks' time.

## Chimp Is OK After Wind Blast Test

DAYTON, Ohio (AP)—A chimpanzee has survived a wind blast tougher than any jet pilot faces in an emergency ejection.

The word came last night from Col. John P. Stapp, chief of the Aeromedical Laboratory at Wright Air Development Center near here.

Stapp said the test took place at Holloman Air Force Base, N. M., early this month. A base spokesman confirmed it.

A special pressurized suit of dacron sailcloth, which enabled the chimp to survive, may help pilots escape safely from ultra-high speed aircraft, Stapp said.

Three other chimps which took the test died afterwards because the suits they wore blew apart, he added.

The Holloman spokesman said all the animals were anesthetized before the tests.

Stapp, who said he thinks humans could survive the same test, told of the fourth chimp surviving a wind blast of 4,000 pounds per square inch at speeds of 1,400 m.p.h.

Pilots ejecting from the fastest jet in use would experience a wind blast of about 3,500 pound per square inch, he said.

Stapp himself rode a sled-like apparatus at 632 m.p.h. at Holloman last year in a test of human's ability to withstand a sudden decrease in speed.

## Tropical Storm Churns Atlantic

MIAMI, Fla. (AP)—The fourth tropical storm of the year—Daisy—churned Atlantic waters 275 miles off the Florida coast today. The Weather Bureau said it likely will not endanger land areas.

The storm had winds up to 55 miles an hour and was tending to move in a northerly direction. A gradual increase in size and intensity is expected.

If it keeps its present course, the storm would hit the North Carolina coast but Miami hurricane forecaster Paul Moore emphasized no such prediction has been made.

## Arkansas Ready To Ban Integration

LITTLE ROCK, Ark. (AP)—Gov. Orval Faubus today had three segregation bills ready as Arkansas State legislators gathered for tomorrow's special session. The key one would close Central High School to further racial integration, subject to public referendum.

As the U.S. Supreme Court in Washington called its own special session for Thursday on the Central High legal crisis, a legislative source said Faubus has outlined three measures for immediate submission to the Legislature.

They are: A bill to postpone the opening of Central from Sept. 2 to Sept. 8, apparently to give the Legislature a little added time for maneuvering;

A bill authorizing the governor to close Central High rather than mix Negroes and whites in its classrooms. Once closed, a public school district referendum within 30 days would decide whether to integrate the school or keep it closed;

A bill to let any white student displaced from a closed school carry his state aid allotment with him to another open district.

The Supreme Court decided to interrupt its summer vacation for a rare special session. It has before it the appeal of the National Assn. for the Advancement of Colored People to order an immediate reopening of Central to seven Negro students who attended its classes last year.

Faubus, commenting shortly after the Supreme Court's emergency session was announced, said: "I hope that the U.S. Supreme Court will be better informed on the situation than was the President and his advisers at the Newport conference."

The governor referred to his meeting with President Eisenhower at Newport, R.I., during the height of the Little Rock crisis last year. Following the meeting, the President refused to accept the wording of Faubus' assurance that he would no longer interfere with Central High integration.

Atty. Gen. Bruce Bennett, in the forefront of the state's legal fight to stall off further Central integration, said it is difficult to guess a Supreme Court decision in advance. But he added: "It is my thought that they will grant the petition of the NAACP for this reason, it is all the more important that this special session of the Legislature enact such legislation that will preserve the peace at Central High School and roadblock those organizations attempting to force integration on the people of Arkansas. That is our best insurance against an adverse decision."

Faubus has called the special legislative session in a race against time. He said his aims are to preserve peace in Little Rock.

He also said last week that information he has received indicates any effort to integrate this fall will spark more violence than a year ago.

White demonstrators rioted last fall when nine Negroes entered classes. They battled police until

the Negroes were removed. President Eisenhower sent in 1,000 paratroopers, who bayoneted one man and smashed another's face with a rifle butt while driving the demonstrators away.

The NAACP last week petitioned Justice Charles Whittaker of the U.S. Supreme Court to reverse lower court decisions and open the school to Negroes opening day, Sept. 2.

## London Racial Violence Flares

Weekend of Terror Said Worst in Years

LONDON (AP)—Emergency squads of policemen patrolled sections of London and Nottingham today in the wake of Britain's worst race violence in years.

With trained police dogs at their sides, police moved to head off the stabbings, slashings of beatings that terrorized two communities over the weekend.

Newspaper headlines mirrored how the savagery between the races staggered the British public.

More than 200 white men and women and West Indians, Africans and Pakistanis battled for 90 minutes Saturday night in Robin Hood's city of Nottingham.

The trouble spread Sunday to London's Notting Hill section. A carload of white youths toured the area, attacking West Indians. Three Negroes were hospitalized. Eight whites were arrested.

In Nottingham, an industrial city of 300,000, eight Englishmen were taken to a hospital, six of them with stab wounds. Dozens of others were cut and beaten.

Eight of the West Indians, Africans and Pakistanis were jailed — "for their own safety," the police said.

"Trouble has been going on for months," said Eileen Byatt, an Englishwoman who narrowly escaped injury, "but we've never had such a night as this one."

She said a Pakistani hit an English woman in the back as she came out of a bar with her husband. Then fighting seemed to break out for a hundred yards up and down a street.

## Soviet Troop Morale In Hungary Said Low

HOF, Germany (AP)—Morale of Soviet troops who quelled the Hungarian uprising in 1956 was extremely low, a Soviet army veteran told newsmen here.

"Alcohol was the only thing which gave us some comfort," Gerhard Lepa, 25, an ex-private, said.

Lepa, of German extraction, arrived here with his mother and sister last week after the Soviets handed them an exit visa.

## A-Sub Nautilus Is Handed Gala Welcome by New York

NEW YORK (AP)—The atomic-powered submarine Nautilus, fresh from her historic passage under the North Pole ice, got a whistling, cheering but rainy welcome from New York today.

Police helicopters circled a flotilla of about 20 Navy destroyer escorts, Coast Guard cutters, tankers, tugs, police launches and fireboats. They escorted the Nautilus through the harbor, part way up the Hudson River, and then around the tip of Manhattan headed for the Brooklyn Navy Yard.

The windows of Manhattan's skyscrapers bordering the water were jammed with office workers who waved greetings to the Nautilus crew standing smartly at attention on deck in a driving rain.

Fireboats arched cascades of water and liners berthed along the river blew their hoarse whistles in the traditional harbor greeting.

The mighty underwater boat made her dress cruise along three miles of Manhattan's shore to give New Yorkers a better look at her. At Brooklyn, around the other side of Manhattan, a Marine honor guard and a Navy band welcomed her.

The atomic-powered sub surfaced off Long Island Sunday night after a record 3,500-mile underwater cruise from England. She set a transatlantic speed record for submarines of 6 days, 11 hours and 55 minutes on the trip. That cut almost two days off the old record set by her sister sub Skate.

The Nautilus surfaced twice on its trip from Portland, England. Rear Adm. Hyman G. Rickover, a pioneer in the development of atomic submarines, boarded the Nautilus when she arrived this morning at the New York harbor mouth. Rickover was President Eisenhower's personal representative for the arrival ceremonies.

Rickover remained on the sub during its sail up the Hudson and return down the river to dockside ceremonies in Brooklyn. Tuesday, sightseers will be able to get a look at the sub at the navy yard.

On Wednesday — officially "USS Nautilus Day" in New York City — Rickover and the 115 officers and men of the sub will be honored in a traditional ticker-tape parade up lower Broadway.

## Special Session Is Scheduled For Thursday

WASHINGTON (AP)—The Supreme Court today called a special session Thursday of this week to consider the Little Rock school segregation case.

The high court, convening in the extraordinary session at noon will deal with the application of the National Assn. for the Advancement of Colored People for cancellation of the desegregation delay granted by the 8th Court of Appeals at St. Louis.

The announcement, issued by Chief Justice Warren after consultation with the other members of the high court, said:

"The petitioners have filed with Mr. Justice Whittaker an application for vacation of the order of the United States Court of Appeals for the 8th Circuit staying the issuance of its mandate, and for a stay of the order of the United States District Court for the eastern district of Arkansas of June 21, 1958.

"Mr. Justice Whittaker deeming it more appropriate for the full court to pass upon such a motion, the chief justice, after consultation with other members of the court, has called a special term of the court for Thursday, Aug. 28, at noon, to consider this application.

"The solicitor general of the United States is invited to file a brief and to participate in the oral arguments if he is so advised."

Special terms are a rarity. The most recent one was called to pass on the appeal of Julius and Ethel Rosenberg, later executed as Soviet spies.

Only an issue rated as tremendously important, or as presenting a question which must be settled before the expiration of a time limit, calls the Supreme Court back from summer vacation.

In the Little Rock case the time limit is the Sept. 2 opening date of the new school term.

As the session of the high tribunal was called, members of the

## Dixie College Students Rap Segregation

DELAWARE, Ohio (AP)—A group of southern delegates at the National Student Congress has issued a declaration condemning school segregation.

"Though we are proud of the southern community's way of life," the declaration said, "we do not feel that a system that denies equal opportunity to some southern citizens is either necessary or desirable as a part of that way of life."

The declaration was approved last night, 33-1, by delegates from the Carolinas-Virginia region and unanimously by Mason-Dixon region delegates. The latter region includes Maryland, West Virginia and the District of Columbia.

The student congress is the policy-making body of the National Student Assn. (NSA), which has 360 member colleges broken down into 19 geographical regions.

The colleges represent one million students.

The "declaration by southern student leadership on desegregation" is scheduled to go before three other southern regions for a vote sometime this week, possibly tonight.

The 10-day student congress will be in session through Friday at Ohio Wesleyan University here. About 1,000 delegates are attending.

The declaration approved by two of the five southern regions states that delegates are in complete agreement with an NSA resolution on desegregation. The latter says that segregation and education by race is incompatible with human equality.

"We also realize that segregation in education is now unconstitutional and is at cross-purposes with the American way of life and body of law," the declaration continued.

## Plans Are Completed For Rural School Term

Plans for the reopening of the Miami Trace District schools for the 1958-59 term have been completed, County Superintendent W. J. Hilly said Monday.

A meeting of principals and administrators will be held at 10 a. m. Saturday in the superintendent's office in the Courthouse, and all teachers will report to their schools Tuesday to arrange schedules and to have rooms in readiness for Wednesday which will be the first school day of the term.

Students are asked to carry their lunches Wednesday since a full session is planned. Announcements will be made in each

school regarding lunch arrangements in the future.

The 85-day first semester will close Jan. 16, and the 91-day second semester will open Jan. 19 and close May 27.

RURAL SCHOOLS will not be in session Friday, Sept. 19, because of a meeting of the Central Ohio Teachers Assn., on Thursday and Friday, Nov. 27-28, which will be the Thanksgiving recess.

Schools will close at the end of the day on Friday Dec. 19 for the Christmas-New Year holiday, reopening Monday, Jan. 5. There will also be a Good Friday through Easter Monday recess March 27 through March 30. Grade cards will be distributed on May 29.

Six-week terms will be Sept. 3-Oct. 10, Oct. 13-Nov. 21, Nov. 24-Jan. 16, Jan. 19-Feb. 27, March 2-April 17 and April 20-May 27.

Grade cards will be distributed on Oct. 17, Dec. 1, Jan. 23, March 6, April 24 and May 29.

## Italian Song Sensation Hits U. S. Jackpot

WASHINGTON (AP)—Domenico Modugno, the singing sensation from Italy, has found a pot of American gold in the blue sky he sings about in his smash record "Nel Blu, Dipinto di Blu."

The mustachioed, guitar thumping singer was unknown to American listeners five weeks ago.

Now, although he didn't make his American debut until this week, he has become coast-to-coast sensation.

His swift fame may catapult him into the millionaire bracket if his record sales, now nearing the two million mark, and his future night club bookings continue to soar.

The 28-year-old Modugno, somewhat dazed at his overnight success, has been flooded with offers ranging up to \$10,000 a week for future personal appearances.

He has accepted dates to appear in New York, Philadelphia, Pittsburgh, Chicago, Toronto, Las Vegas and Los Angeles.

Included is a four-week date at Las Vegas' Desert Inn at \$10,000 weekly—many, many times what he earned during his best week in Italy.

Modugno has even been booked to appear in New York's Carnegie Hall, the home of symphonic concerts, Sept. 17 to sing his Italian love songs.

Shaking his head unbelievably, Modugno said his American reception exceeded his wildest dreams. He said:

"It is more than fantastic because I sing in Italian and most of them cannot understand. Perhaps it shows that words mean very little in life when you have music, the universal language."

among the more than 100 boys and girls in the individual competition.

SUE STEPHENSON, daughter of Mr. and Mrs. Leonard Stephenson of the Waterloo Rd., was Fayette County's representative in the pageant at which the Junior Fair Queen was chosen.

Most of the Junior Fair activities were held Friday and Saturday, although some will take place this week along with the judging of the open class (principally for adults, although young people may enter most events) livestock shows, and agricultural and home economics exhibits.

City Manager James F. Parkinson represented Washington C. H. at "Ohio Cities Day" at the Fair Saturday. He was accompanied by Mrs. Parkinson.

Parkinson and other city managers and mayors of cities and towns all over the state were guests of Gov. C. William O'Neill and Fair Manager D. Robert Jones for a conducted tour of the Fairground and at a luncheon in the Youth Center.

Jones, Dr. James A. Hay, Ohio director of agriculture, and Gov. O'Neill addressed the luncheon guests briefly.

THE FOUR-DAY harness horse racing program got under way Monday with 11 events for trotters and pacers. The top race of the Fair—the Buckeye State Pace with a purse of \$23,850—is slated for Tuesday. The 2-year-old trot was the feature event for Monday. The Wednesday card is topped by the 3-year-old pace and the traditional Governor's Cup race for 3-year-old trotters is slated for Thursday. Post time is 12:30 p. m.

A Washington C. H. owner-trainer-driver of harness horses, McKinley Kirk, will present a trophy to the driver of the horse pacing the fastest mile during the Fair. Driver of the horse trotting the fastest mile will receive a trophy from Marzetti's Restaurant.

Many horses owned and trained in Fayette County will face the mobile starting gate during the four days of racing. Still others not owned in Fayette County but which raced at the Fair here last month will be among the starters.

## 53 Pct. Hike In Steel Output Seen

CLEVELAND (AP)—An increase of about 53 per cent in steel production next year was predicted by Steel Magazine in its issue out today.

The metalworking weekly said the 1959 output will total 110 million tons, compared with the 82 million expected this year and 127.7 million tons in 1957.

Rock-bottom steel inventories, an anticipated upturn in customer spending, rising federal spending and world unrest will lead to the increased output, the publication said.

Leading producers forecast a gain of at least 20 per cent in steel shipments next month and Steel said that only a strike in the automobile industry will keep October from being a better month than September—probably the best of the year.

June's output of 7,130,000 tons of steel for ingots and castings has been the best of any month this year, with production during the first eight months amounting to 51 million tons, Steel said. To turn out the other 31 million tons expected this year the mills must average 7 1/2 million tons a month for the next four months.

The threat of a strike is holding up some orders for steel from the automobile manufacturers and delaying purchases of the metal and other material by those who supply the auto industry, the magazine said.

When contracts are signed with the United Auto Workers, steel producers can expect a rash of orders, it added.

The country's steel mills last week operated at 61 per cent of rated capacity, up half a point from the previous week, with production amounting to 1,647,000 tons.

## Congress Review

(Continued from page one)  
In the Senate, Republican Leader William F. Knowland of California got a warm sendoff. He is retiring from the Senate to run for governor of his home state.

Senate Democratic Leader Lyndon B. Johnson of Texas called Knowland "a man of integrity—one of my best personal friends."

Knowland spoke of his "great personal affection" for Johnson.

In the final hours of the session, Congress finished work on other big money bills.

One provided \$6,000,156,900 for a variety of independent federal agencies. Eisenhower had vetoed an earlier version which contained \$89 million dollars earmarked for the civil service retirement fund.

Eisenhower said this was not needed, particularly in a year in which the government faces a heavy deficit.

The bill repassed by Congress is without the civil service allotment, but has several new items approved by the administration. One of these is a 40-million-dollar fund to finance the start of a four-year, 900-million-dollar aid to education program which got final congressional approval earlier in the day.

The other money bill sent to Eisenhower was a \$1,354,000,000 measure for military construction projects.

Some legislation fell by the way-side.

The House killed a Senate-passed bill that called for a 10 per cent increase in retirement benefits for railroad workers.

Left stranded when the Senate adjourned was a compromise bill designed to modify the impact of a Supreme Court decision which reversed the conviction of a confessed rapist here because of police delay in arraigning him.

Another controversial bill that died in the Senate had proposed diversion of additional Lake Michigan waters into the Chicago sanitary system.

## Weather Outlook: Fair and Coolish

It looks like this fair and coolish weather is going to be with us for a couple of days at least.

Ushered into Fayette County on the heels of a needed rain Sunday, the dryer air sent the mercury down to 55 during the early morning hours Monday. Yesterday's maximum was 73 and the 62 inches of rain in the past 48 hours postponed a few picnics but curtailed Sunday afternoon activities but little.

Tuesday's high is expected to be in the mid-seventies, mostly under fair skies. Tonight's low temperature may be close to the 50-degree mark.

The Gilbert and Sullivan comic opera, "H. M. S. Pinafore," satirizes naval officers who get rank by influence.

## Deaths, Funerals

### Stuart Quann

Stuart Quann, 59, died Saturday night in his home, 912 N. North St., after two years of failing health.

A native and lifelong resident of Washington C. H., his principal interest and occupation was with horses as a groom—for both saddle and fine harness show horses as well as harness race horses.

He was a member of the African Methodist Church.

He is survived by a daughter, Mrs. Lois Gelzer of Cleveland; two sons, Charles of Detroit and Loren, of Ypsilanti, Mich., and nine grandchildren.

He also leaves a sister, Mrs. Louise Stewart, of New York City and three brothers, Thomas, of New York City, Emmett, of Columbus, and Louis, of Springfield, Ill.

Services will be held at 1:30 p. m. Wednesday in the Gerstner Funeral Home by the Rev. Elijah Reed, pastor of the AME Church. Burial will be in Washington Cemetery.

Friends may call at the funeral home after 7 p. m. Monday.

### William Thomas

William Thomas, 42, husband of Lela Porter Thomas, died Sunday at his home, 1309 Lamar Dr., Springfield.

He had been in failing health for the past two years and was seriously ill for the past five months.

## Empire GOP, Dems Picketing State Tickets

### By THE ASSOCIATED PRESS

Republicans and Democrats had trouble choosing nominees for the U. S. Senate at New York state conventions opening today, but their problems were of different kinds. The Democrats had too many candidates; the Republicans too few.

Former Gov. Thomas E. Dewey moved onto the Republican convention scene at Rochester and threw his still-powerful influence behind the effort to find a nominee. He squashed any speculation, however, that he might run himself.

At Buffalo, 80 miles away, former Air Force Secretary Thomas K. Finletter apparently held a slim, shaky lead over Dist. Atty. Frank S. Jogan of Manhattan in a field of six declared candidates, with New York Mayor Robert F. Wagner a seventh possibility.

Both parties still had a day to make up their minds. On opening day, the two-day conventions were devoted to speeches and other formalities, with the nominations for governor set for tonight.

Gov. Averell Harriman, for the Democrats, and Nelson Rockefeller, for the Republicans, are unopposed for the top spots on the tickets, thus assuring a battle of millionaires.

## Home Brings Big Trouble on River Jaunt

CINCINNATI (AP)—The Spelius family of river wanderers had a pile of problems on their 3,300-mile jaunt this summer, but the biggest difficulty came last.

On the final leg Sunday up the Ohio River, the steering gear on their 19-foot motorboat ripped out. They pulled into home port at Cincinnati Sunday afternoon with Mrs. Carol Spelius on the bow acting as navigator while her son, Wayne, 16, steered the outboard motors by hand.

This was the climax to the trip from Fort Benton, Mont., where they bought the boat, down the Missouri and Mississippi rivers and up the Ohio.

Most of the trip was made by Mrs. Spelius and her four children—Wayne, Christine, 9; Arthur, 6, and Susie, 2. A monkey, Capt. Andy Hook, came aboard in South Dakota and Mrs. Spelius' husband, William, got in on the trip from Evansville, Ind., upriver.

The problems included damaged propellers, torn auto warnings, heavy weather, Illinois mosquitoes and a case of measles—Susie's.

## Steel Prices Move Up on Stock Mart

NEW YORK (AP)—Steels advanced in a generally higher stock market early this afternoon. Trading was fairly active.

Gains of leading stocks went from fractions to a point or more. There was a liberal scattering of fractional losses.

U. S. Steel was at a new high and other steels did well as financial quarters anticipated a continuing boost in steel production.

Aircrafts were somewhat higher and rails continued to move ahead. Motors were firm. Oils and Airlines were a bit soft. Chemicals and drugs were mixed.

Gains of around a point were made by U. S. Steel Bethlehem Republic Steel, Jones & Laughlin and Youngstown Sheet. Lukens rose beyond a point and United Aircraft was around a point to the good.

Fractionally higher were Illinois Central, Southern Pacific, Baltimore & Ohio and New York Central.

U. S. government bonds were firm.

By B. E. KELLEY

One of the first starters for automobiles (if not the first) made in the U. S. was invented by J. W. Southard, 629 S. Fayette St. and was attached to a Ford coupe. He had purchased the automobile for \$325, used it seven years, and then sold it for \$350—with starter, electric lights and a few other gadgets of his own invention.

Mr. Southard's invention came after two or three years of cranking the Ford until he was covered with sweat and blue in the face. After he attached his home-made starter, he had no further trouble.

However the starter he made, and which apparently performed perfectly, was powered with carbide, which also furnished gas for the lights on the car—until the owner electrified the lights.

Mr. Southard drilled a hole in the manifold of the motor and inserted a small pipe which was fastened securely.

To the pipe, or tube, he attached a small metal cup to which was fastened a lid that could be closed tightly.

When he was ready to start the car he dropped a small piece of carbide into the cup, poured a spoonful of water upon it, closed the lid and waited a half minute or so until the gas generated by the carbide had passed into the motor.

One turn of the crank resulted in the motor starting instantly as the carbide gas was exploded in the cylinder chambers.

He had a cut-off in the pipe which prevented any of the exhaust from coming back in the pipe.

"It didn't matter how cold the

weather was, I never had any trouble starting the motor", Southard said.

As he recalls he invented the gadget, which he never thought of patenting, in 1911, before electric starters and spring and chain starters came into general use.

He recalls that when he sold the car to Charles Williamson of this city, "it was equipped with just about everything I could put on it for easier operation", including possibly the only starter of its kind ever invented.

## INSECTS KILLED

Each night here in this part of Ohio we are greeted with a strong chorus of insects from dusk until dawn, including the loud, mellow notes of the fiddling snail tree cricket which seems to lead all other insects in the great orchestral chorus.

However during many recent nights in New York State and Pennsylvania where widespread spraying has been under way for several years, we did not hear a single insect during the hours of darkness.

To me that indicates the widespread destruction of helpful insects which are killed with the fogging for mosquitoes, Dutch elm disease, and this, that and the other.

Sometime ago the government fogged a vast territory in the East to destroy certain insects, and believe me they must have destroyed them as well as a wide range of others which were helpful rather than destructive.

The nights without insects in the summer time hang like a pall over a community.

## THOSE KATYDIDS AGAIN

Ten days ago I heard the calls of a katydid near Ravenna, in northeastern Ohio, and have since heard them in this community.

There is an old saying that when the first katydids are heard it will be six weeks until frost. In which case frost would be here late in September.

## FORTY YEARS AGO

Most of the German and Austrian line on the Western Front in France was being crumpled up by the sledge-hammer blows by the Americans, French and British. The Hindenburg line was tottering.

Germany had started great fires back of the front, had lost tens of thousands in dead and wounded, thousands had been taken prisoner and huge quantities of war material was falling into the Allies hands.

Germany was robbing industry to increase her manpower at the front and it was apparent that German defeat was only a matter of a comparatively short time, World War I was moving into its final stages.

Streets and highways were virtually denuded of traffic as "gasolineless Sundays" went into effect.

W. E. Early, 40, Madison Mills grain dealer, was killed by a B&O freight train.

Several hours of rainfall, saved the corn and other crops in this area.

Rev. W. B. Gage entered U. S. Army for religious work.

The Rev. F. E. Ross was in a

# Mild Recovery Continues, But Inflation Still Looms

NEW YORK — Business continued its mild recovery last week while the nation's money managers worried about an old, and apparently indestructible, foe — inflation.

Latest weekly statistics showed gains in steel production, freight carloadings, electric power output (at a record high), crude oil production and bank clearings. Weekly business failures dipped to the lowest level in two months.

The President's Council of Economic Advisers told Congress complete figures showed the economy during the second quarter made a stronger rebound than had been anticipated only a month ago. Take home pay of factory workers set a record in July.

Yet all was not happy along the economic front.

It costs more to live all the time. The government's consumer price index rose two-tenths of one per cent in July to a record high of 123.9 per cent of the 1947-49 average. This is the worrisome

"Y" canteen at the front in France. Grasshoppers were causing extensive damage in this and adjoining counties, and in one instance they cut ears from corn.

factor in the economy: the steady degradation of the dollar.

The federal money managers seem to be confronted with a painful puzzle. How do you stop inflation without snuffing out the flickers of improving business?

The managers of the Federal Reserve tightened money a little this week. By selling government securities, they reduced the average net free reserves of the banking system to just a shade over 400 million dollars. These are cash deposits commercial banks kept with federal reserve banks.

This reduction lessens the ability of banks to make new loans and investments.

There was another move indicating some tightening of money—the Dallas Federal Reserve Bank upped its discount rate (the rate it charges commercial banks for loans) to 2 per cent from 1 1/2 per cent. That followed similar action last week by the San Francisco Federal Reserve Bank.

Inflation came up at President Eisenhower's news conference. The President reiterated his position against the "wage-price" spiral and against excessive government spending. But he rejected

direct government control over prices.

Auto production this week fell to a 10-month low as manufacturers changed over to 1959 models.

Briefly over the business scene. During the first seven months this year the German auto industry exported 415,064 vehicles, up 90-966 from 1957. . . . Unemployed ex-G.I.s in Detroit have a chant of their own: "Volkswagon go home" . . . . There's a business computing machine now which understands English. . . . Speak to it, and it will do what you want. . . . Technicians of Sperry-Rand and the Air Force developed it. . . . Universal Match Co. has received a big order from the government for guided missile launching equipment.

There were 12,270,245 shares of stock sold last week compared with 14,621,501 the previous week and 9,921,528 in the corresponding week a year ago.

Bond sales had a par value of \$24,130,700 last week against \$24,069,000 the week before and \$17,007,000 in the same week a year ago.

## Jack Linkletter Is a Busy Boy

### 20-year-old Uses Summer for Splurge

HOLLYWOOD (AP)—There are few 20-year-olds busier than Jack Linkletter.

Jack is the earnest young sprig of that celebrated author, financier and man-about-TV, Art Linkletter. Jack is making a splurge on his own this summer, heading up the improbably named quiz show Haggis Baggis.

Plus which, Papa Art went fishing in the New Mexico wilds and Jack ventured here from New York to take over a week of the daytime House Party show.

The Haggis Baggis show has been renewed for the fall. Jack will do it from Hollywood then, meanwhile finishing up his last year at the University of Southern California. All this, and he's married and expecting a family addition in November.

Unlike some scions of famous stars, Jack is a realistic fellow who knows where he's going.

"I like the emcee business and I want to stay with it," he remarked. "It's stimulating work, and I think I'm getting good training for it. I had my own radio show at 15. I've appeared on the House Party once a week and taken over for Dad when he goes on vacation."

"This summer I had the amazing fortune to have my choice of five different shows. The reason was that quiz shows flooded the networks, and emcees were in demand."

"I'm happy for the opportunity, but I think it's a mistake to put so many quiz shows on in the summer. All the new ones are sustaining, and that creates a problem. Without a sponsor, you have to promote merchandise to give away to contestants. That means you've got to give a one-minute plug for each item, and your show gets cluttered up."

"But there's one good thing about the flood of quiz shows: At least they're live. The rest of the network time is filled with reruns."

Jack has had the benefit of his father's 25-year experience in the emcee dodge. Ever since Jack started in the business, Art has been giving the lad critiques on his performance.

# Company M Guardsmen Return from Training

The 85 officers and men of Washington C. H.'s Company M, 166th Regimental Combat Team, arrived home Sunday morning after two weeks of summer camp at Camp Breckinridge, Ky.

They brought with them a "superior" rating for field training and had the distinction of being chosen for a demonstration of recoilless rifle firing and for a night battle-field illumination demonstration using 81-mm mortars with luminous ammunition.

Two members of the group — Clyde B. Cratzer, Bloomingburg, and James H. Wood, Fairborn, completed OCS training at Breckinridge during the two-week period and will be commissioned as second lieutenants at Ft. Hayes, Columbus, Saturday.

Approximately 2,500 Guardsmen were in camp.

They are members of the non-divisional units of the ONG, that is, organizations which are not a part of Ohio's 37th Infantry Division, the largest single assemblage of Ohio Guardsmen. The major units at this 15-day encampment were the 166th Regimental Combat Team, 372nd Infantry Battalion and the 369th Ordnance Company.

THE GUARDSMEN spent their first week of camp attending classes and on the ranges learning their particular warfare specialties and firing their weapons. Teamwork between the automatic weapons men and the rifle platoons was stressed during classroom and range sessions.

Two hundred ONG recruits were among the complement of Guardsmen at the encampment. They went through special classes and training for the first week of camp which will prepare them for six months of active duty with the Regular Army that is required of the rookies.

The second week of camp found the Guardsmen and recruits out in the field for three nights and four days of bivouac. Here the men get a chance to train under simulated battle conditions which not only test the skills they learned in weekly two-hour training periods in their hometown armories, but also gives them an opportunity to acquire more military know-how in their fields of warfare.

Regular Army advisors and inspectors aided the Guardsmen in the camp training sessions. The ONG units were graded on their various achievements during the two-week tour of training.

COL. OLIVER GIBSON, commander of the 166th Regimental Combat Team, reported that the majority of the encamped units

made an outstanding showing as they received "excellent" and "superior" ratings from the Army inspection teams.

The bivouac units were the subject of inspection tour by Maj. Gen. Leo M. Kreber, adjutant general of Ohio. He expressed his pleasure in finding the Guardsmen in their high degree of military development.

"The men have come a long way in the past year of training," he said, "They show it well by this display of high morale and soldierly perfection."

The men represented 23 Ohio cities. They are Cleveland, Columbus, Cincinnati, Dayton, Athens, Bucyrus, Cambridge, Chillicothe, Circleville, Delaware, Ironton, Lancaster, London, Marysville, Marietta, Marion, Mt. Vernon, Newark, New Lexington, Portsmouth, Steubenville, Washington C. H. and Zanesville.

## Holdren Will Head '59 March of Dimes

Willard Holdren, proprietor of Dairy Isle, has been appointed Fayette County director for the 1959 March of Dimes, it was announced Monday by R. A. Dauber, Southern Ohio state representative.

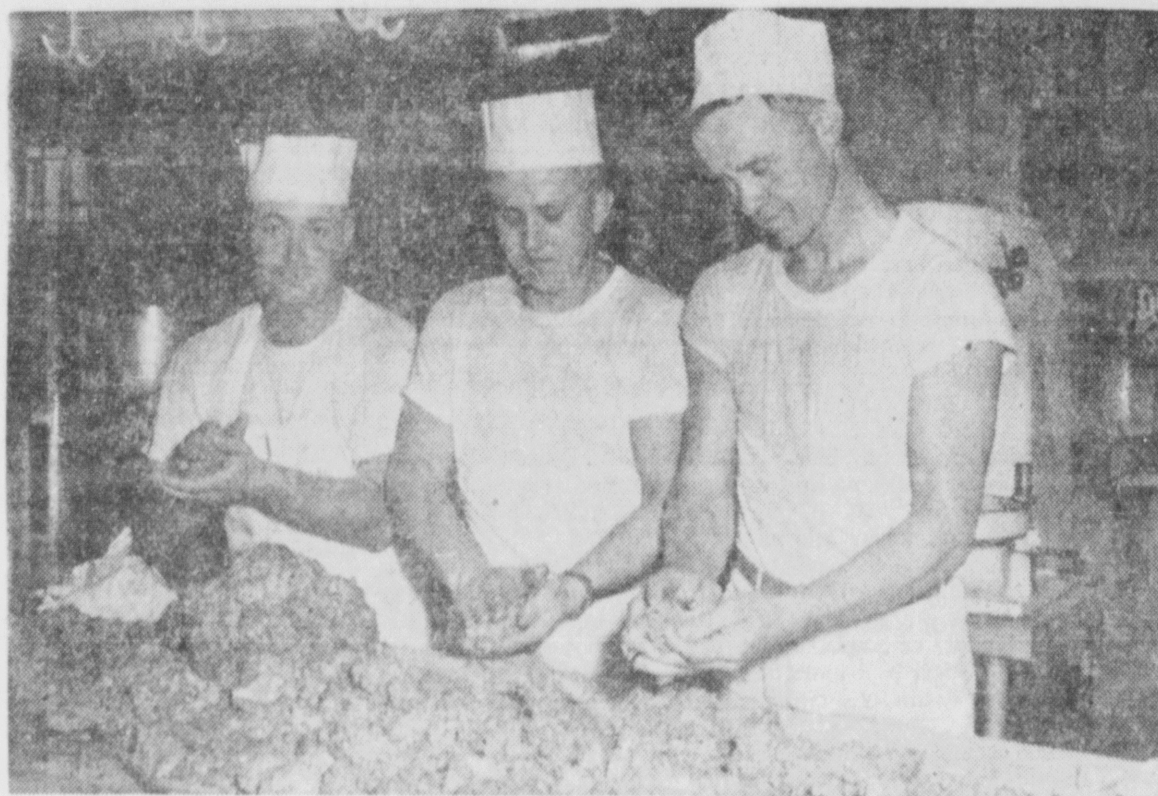

The drive will be held in January.

The polio-fighting organization is expanding into a broad new force that will tackle health problems on a wider front and no longer will confine its activities to a single disease.

"I am confident that the people of Fayette County, who helped make possible victory over polio through their contributions to the March of Dimes over the past 20 years, will give even greater support to the National Foundation's expanded program in the future," Holdren said.

"We would like to make it clear, as we begin preparations for the 1959 March of Dimes, that the National Foundation will not abandon polio patients," Holdren declared. "We have a moral obligation to the patients of this county to continue to provide needed care and rehabilitation, and we will fulfill this obligation."

Holdren stressed that while solution of the problems of arthritis and birth defects are the immediate new goals of the March of Dimes, the organization also will follow leads as they develop in the fields of virus research and studies of the central nervous system. Polio experience has demon-

## Clear Skies May Bolster State Fair

COLUMBUS, Ohio (AP)—State Fair officials hoped for clear skies today to help bolster sagging attendance and revenue.

Totals for the first three days of the eight-day fair were not encouraging. Attendance was lagging about 30,000 behind last year's three-day total of 147,406, primarily because of rain Sunday.

Revenue at the Grandstand and Coliseum shows also were falling short of last year's figures.

Revenue from the Grandstand show for the first two days, with singer Tommy Sands the featured attraction, was \$22,379 as compared with \$30,402 for the first two

fair days last year.

Sunday the Grandstand show was really hit hard. It had to move into the 3,000-seat Youth Center when the portable stage became mired in the mud of the Grandstand infield.

A steady rain during the morning hours cut attendance Sunday —traditionally the biggest day of the fair—to less than 50,000.

Despite the rain, 15,365 fans saw the Chicago Bears defeat the Philadelphia Eagles 3-0 in a professional football exhibition game.

Harness racing features today's fair program with an 11-race card starting at 12:30 p.m.

Racing will continue through Thursday with the top race—the Buckeye State Pace—slated for Tuesday. The pace will carry a

\$23,850 purse, richest in the fair's history.

In Sunday's baton twirling contests, Mary Strome, 15, of Fairborn, won the grand championship and the governor's trophy. A six-girl team from Brush High School in South Euclid won the team title.

Kay Pfeiffer, 20, of Rt. 1, Kenton, was crowned wool queen by State Agriculture Director James R. Hay after an all wool style show at the Youth Center.

Big Bear Stores set a new record high price for market lambs by bidding \$3.50 a pound for a 91-pound Southdown lamb owned by Glenn Hoffsis of Bucyrus.

Bob Evans Farms bought the grand champion barrow, a Hampshire, owned by Ohio State University for a record \$451.50.

PAPER WORK IMPORTANT -- Inventory of their unit's supply room is being taken by two Ohio National Guardsmen from the Washington C. H. area who completed their two-week training period at Camp Breckinridge, Ky., Saturday. The men are Sfc. Dole Haines, 313 E. Elm St., and WO Robert Goodman, Route 3. Both are members of Company M, 166th RCT.

Bob Friend Points Toward 20 Wins For Pittsburgh

By THE ASSOCIATED PRESS Pittsburgh's youth-minded Pirates, en route to their first finish in the first division in 10 years, are almost certain to have a 20-game pitcher this season. He is Bob Friend, the oldest Pirate in point of service.

The 27-year-old right-hander has 17 victories, more than any other National League hurler. He was credited with the Pirates' 8-4 first-game triumph over St. Louis Sunday although he gave way to Elroy Face after seven innings. St. Louis won the second game 12-8. The Pirates are one percentage point behind the second-place Giants.

A workhorse, Friend already has pitched 215 innings, second only to Milwaukee's Warren Spahn. Although he has lost 13 games, most in the league, he already has equaled his top winning mark (17-17 in 1956). In seven previous years, he has had only one winning season — 14-9 in 1955.

In other games, Milwaukee increased its first-place margin over San Francisco to seven games, defeating the Giants 8-5 in 10 innings. Cincinnati nipped Los Angeles 6-5 and Philadelphia swept a double-header from Chicago 13-8 and 5-3. The second game was called after eight innings because of darkness.

Bill Mazeroski and Hank Foiles

Jim Grant Just Loves Those Nats

WASHINGTON (AP) — Jim (Mudcat) Grant, Cleveland's rookie right-hander, loves those Washington Senators. Of his 10 victories, half have come against Washington, including a 9-1 triumph here Sunday. He also has lost 10.

Larry Doby paced Cleveland's 12-hit attack with a homer, double and single for three runs batted in. Minnie Minoso also collected three hits.

Grant limited the Senators to eight hits and lost his shutout bid in the sixth on Herb Plews' double, a single by Albie Pearson and an infield out. He held a 9-0 lead after four innings, at which time the Indians stopped hitting. They were held hitless the rest of the way by former Tribesman Jim Constance and John Romonosky.

Pedro Ramos and Tex Clevenger were the victims of Cleveland's early hitting burst. Ramos took his 13th defeat in 24 decisions.

The Indians scored two in the first inning, another pair in the third, and five in the fourth frame.

Singles by Bobby Avila and Minoso plus a double by Doby counted two in the initial inning. Doby hit his eighth homer in the third, a 400-foot shot into the center field bleachers, scoring Vic Power who had singled.

In the fourth, Randy Jackson singled, Billy Moran doubled and Grant sent them both home with a two-run pop double to right field. Avila sacrificed and Grant scored on a sacrifice fly by Power.

Doby beat out an infield hit and came across on a double by Rocky Colavito. Rocky went to third on the throw to the plate and scored the Tribe's final run on a single by Minoso.

Gary Bell (7-8) goes against Washington's Vito Valentini (3-2), a former Indian, in today's finale.

Field Goal Gives Bears 3-0 Victory

COLUMBUS, Ohio (AP)—A pregame rain that turned the Ohio State Fairgrounds stadium into a quagmire stalled the running and passing attacks of the Chicago Bears and Philadelphia Eagles but didn't hurt the toe of Bears quarterback George Blanda.

Blanda booted a 19-yard, second period goal to provide the only score of the game and the Bears made it two straight in exhibition play Sunday with a 3-0 triumph over the Eagles.

Blanda's field goal—his only one in four tries—was protected in the closing minutes in a great goal-line stand by the Bears who stalled a 79-yard Eagles march on the six-inch line.

Hambletonian Record Hinted

Fast Field Poised For Trot Wednesday

DU QUOIN, Ill. (AP) — The Hambletonian mile record of 2:00, which has stood since 1947, could be matched or broken Wednesday in the 33rd renewal of trotting's big show for 3-year-olds.

The field is fast and so is the resurfaced clay mile oval of the DuQuoin Fairgrounds, where Hickory Smoke won last year with a best heat of 2:00 1-5.

If Fred Egan-trained Emily's Pride becomes the 10th filly to win the Hambletonian, sulky followers believe she has the speed to lower the two-minute mark set by Hoot Mon in Goshen, N.Y.

Owned by Walnut Hall and Castleton Farms in Lexington, Ky., Emily's Pride has stepped 2:00 2-5 this season, best time of any candidate. This was on a three-quarter mile oval in Vernon Downs, N.Y., a month ago — a track considered slower than DuQuoin.

"Luck plays the biggest part in the Hambletonian," says the 78-year-old Egan, who piloted Miss Tilly to a filly record in the event of 2:01 2-5 in 1949.

"I'm real fond of Emily's Pride, and think more of her than I did Miss Tilly. She can get away like lightning. She's so fast she can make her own breaks.

"The field is well balanced, but with luck when it's needed, this filly can step it in two flat here.

"Flick Nipe will drive Emily's Pride, like he's been doing all year," Egan continued. "And I'm certainly not going to tell him what to do, even though he's only 64 years old."

Drives and Putts

The big shot of the week was made by Bud Dawson. He sank his second try on No. 7 hole for an eagle and looped in a 50-yard approach shot on No. 9. Dr. Charles Griffith was the witness. Bud also missed another deuce by only six inches the next time around.

Gene Gordon had his best ever score—a 39—and his best 18-hole score—46-39—85. Guy Briggs was out for the second time this season. George Fitzgerald is sporting a new pair of golf shoes. James Hanawalt purchased a special putter from the pro and his putting is now "very special."

Ralph Douglass won the Third Hight Golf Tournament at Wright-Patterson Air Base, Dayton. Jack Hoskin has a special No. 5 wood. Jack Daves, having had a bad time of it last week, is back hitting the ball well again. Mr. and Mrs. Howard Harper spent part of their vacation golfing. Ken Johnson and son, Junior, enjoyed a round of golf during the former's vacation.

Cuban Rookie Hurler Looks OK to Redlegs

LOS ANGELES (AP)—Rookie pitcher Orlando Pena, who says—in Spanish, of course—that he gets sick when a team hits him hard, was feeling especially healthy Sunday. Cincinnati's Redlegs got all the benefit.

In his first major league assignment, Pena took over in the eighth inning with the Redlegs one run behind and checked Los Angeles' Dodgers on one hit. Teammate Frankie Robinson banged a two-run homer in the ninth for a 6-5 Redleg victory.

Pena, a gabby Cuban, had only arrived in Los Angeles Sunday morning after the Reds brought him up from Havana of the International League.

Gino Cimoli tagged him for a leadoff single, but Pena bore down, and faced only six more men. In the ninth he easily disposed of the Dodgers' big sluggers, fanning Charlie Neal and Steve Bilko and getting Duke Snider to pop out.

Robinson's homer, his 26th, came in the ninth inning after Johnny Temple had led off with his third double and fourth hit of the game.

Gil Hodges' leadoff double, a hit batsman and Snider's pinch single that caromed off the shin of reliever Brooks Lawrence had given the Dodgers a one-run lead in the seventh inning.

The Reds showed little signs of life until the fourth inning when five hits and three runs tied up the game, 4-4.

2 More Players Face Browns' Cut

HIRAM, Ohio (AP)—Two more players will be cut before the Cleveland Browns close their training camp at Hiram College and head for the West Coast Wednesday.

The Browns have two more practice sessions, then emplane for California for a pair of exhibition football contests, first with the Los Angeles Rams Friday night, then with the San Francisco 49ers Sept. 7.

The guess is that two rookies will be lopped off the roster, getting it down to the legal limit of 43 by Sept. 2.

O'Brien, Cummings, Himmelsbach Win

Championship Tourney Moves to Semifinals

Dan O'Brien defeated Bud Dawson, Charles Cummings eliminated John Ellessor, and Bill Himmelsbach defeated Forrest Ellis in the Washington Country Club championship tournament Sunday.

O'Brien will meet Ed Vollette while Himmelsbach will play Cum mings in the semifinal round.

O'Brien scored a 2 and 1 victory over Dawson, shooting a 40 and a 34 for a final score of 74. Dawson carded a 41-35-76.

Cummings' 4 and 3 win over Ellessor came on a 36-38-74. Ellessor scored a 40-36-76.

Himmelsbach came home in 80 while his opponent had to be content with an 84.

Grid Program Plans Outlined

Volunteer Coaches Given Explanations

Framework for a football program that will take in Washington C. H. school boys from the fifth grade through high school was put together at a meeting of the high school coaching staff and a score of volunteer coaches Sunday afternoon in the Gardner Park field house.

The four-ply program starts with the fifth and sixth grade boys in the Pony League and includes teams of seventh graders, junior high school boys of the eighth and ninth grades and the high school varsity.

The varsity squad already has started practice; the other squads will be getting into preliminary action this week and next.

All of the coaches for the teams below the varsity are volunteers. Nearly all of them played with the WHS Lions in high school and many of them have had experience in college and on service teams.

Head WHS Coach Fred Domenico explained the overall program to the volunteer coaches at Sunday's meeting.

IN A NUTSHELL, the basic split-T offense will be taught to the boys at all levels to prepare them for the time when they go out for the varsity.

Domenico, assisted by Varsity Line Coach Marvin Merritt, diagrammed the fundamental plays for the volunteers and passed out mimeographed diagrams of them.

The theory behind the program is two-fold: (1) to give the boys an opportunity to play football under the watchful eye of coaches with playing experience and (2) give them a solid background of football in general, and the split-T offense in particular, which is used by the varsity.

Ned Lilly Cops Shotgun Crown

VANDALIA, Ohio (AP) — Ned Lilly, a Stanton, Mich., lumber salesman, wears this year's crown as over-all champion of the 59th Grand American Trapshoot.

Lilly, 42, won the laurels Saturday by taking the two finishing events in trapshooting's biggest competition. He broke 98 to tie for the national doubles, then won the Vandalia Handicap with 99 of 100 from 26 yards to establish a new 26-yard record.

In all, Lilly broke 977 of 1,000 championship targets during the week-long shoot.

Davis Cuppers Study Problem In Selection

BROOKLINE, Mass. (AP) — Ham Richardson and Alex Olmedo, National Doubles champions, have dumped a problem in the U. S. Davis Cup selection committee's lap—and it's a dandy.

Although they hadn't played together prior to last Wednesday, Richardson and Olmedo completed a sweep to the crown Sunday by defeating Davis Cup team members Barry MacKay and Sam Gammalva 6-4, 3-6, 6-3, 6-4.

The nation's amateur tennis overlords were delighted at the first all-American doubles final since 1948. But the result left the selection committee a double-pronged dilemma for their early September meeting at Forest Hills, N. Y.

First, Richardson — playing at his peak—says he needs more financial help than the standard expenses to go to Australia for the Davis Cup Challenge Round. He still wants his wife to accompany him. In the past, the committee has said no.

Second, Olmedo, though legally eligible for the U. S. cup team through three years of residence, is not a citizen. He is a Peruvian national.

The Richardson-Olmedo triumph was no fluke. They knocked off defending champions Ashley Cooper and Neale Fraser of Australia in a brilliant semifinal display. In the quarter-finals they ousted the second of three Aussie tandems, Rod Laver and Bob Mark.

SWO Games Rained Out

All three games that were scheduled in the Southwestern Ohio (SWO) League Sunday were rained out.

Milledgeville was to have played at Good Hope; Bloomburg at the Chillicothe Reformatory and Greenfield at Chillicothe Businessmen.

Tom Smalley, secretary of the league and manager of the Good Hope team, said the league will play as long as possible in order to make up all the rained out games.

The regular season of play is finished but each team still has several games left to play because of bad weather earlier in the season. Good Hope has four games remaining and will play at Greenfield next Sunday.

Current league standings are: Businessmen (9-3); Reformatory (7-5); Milledgeville (7-5); Greenfield (6-3); Bloomburg (6-5); Good Hope (5-5); Blanchester (4-8) and Mt. Sterling (0-10).

Grid Program Plans Outlined

Volunteer Coaches Given Explanations

Framework for a football program that will take in Washington C. H. school boys from the fifth grade through high school was put together at a meeting of the high school coaching staff and a score of volunteer coaches Sunday afternoon in the Gardner Park field house.

The four-ply program starts with the fifth and sixth grade boys in the Pony League and includes teams of seventh graders, junior high school boys of the eighth and ninth grades and the high school varsity.

The varsity squad already has started practice; the other squads will be getting into preliminary action this week and next.

All of the coaches for the teams below the varsity are volunteers. Nearly all of them played with the WHS Lions in high school and many of them have had experience in college and on service teams.

Head WHS Coach Fred Domenico explained the overall program to the volunteer coaches at Sunday's meeting.

Realtors Win From Flashes

First place in the Little Major League is now all tied up after the Realtors bowled over the Flashes, 7 to 4, in a game at Wilson Field Saturday night.

Each team has now lost two games. They will play again at 7:30 p. m. Monday. However, the champion probably won't be decided until later in the week inasmuch as both teams still have more games to play.

Although the Flashes outthrew the Realtors, 6 to 5, they could only manager four runs. Wilson paced the winners with two safeties.

Henderson and Cummings banded out two hits apiece for the Flashes.

**International RAINBOW**

makes the BIG DIFFERENCE

Rainbow Premium Plant Food contains different sources and kinds of nutrients your fall crops need. Get Rainbow in the amounts you need for—

- Hardy PASTURES that give you more grazing days—more milk—more beef per acre.
- Faster growing COVER CROPS that fully protect your soil against erosion, and provide a root-zone reserve of nutrients for next crop.
- Strong-stemmed, heavier-headed small GRAINS for extra-bushels—more profitable yields.

EVERY INGREDIENT IN RAINBOW SERVES A PURPOSE

For example, Nitrogen that's fast acting and Nitrogen that is slowly available during the full growing season. Sulphur and Phosphorus for plant color, root and stem development and seed production. Magnesium and Calcium for growth, health and strength. Potassium for sturdy growth, plus other important plant foods for maximum yields.

Lion Coach Emphasizes Blocking, Punt Defense

Downfield blocking and the business of setting up a punt defense were emphasized at the Washington High Lions' football practice Saturday at Gardner Park.

In the final part of the morning session the team ran through offensive plays with Coach Fred Domenico checking on the downfield and cross-field blocking.

Domenico said that this is the first year he has had the team working on punts and kickoffs this early. Generally punting practice is delayed until the week before the first game.

THE PUNTERS were kicking from formation and the offensive team was following the kick downfield to set up a punt defense. The Blue Lions also ran kickoff drills.

The first team ran offensive plays in the afternoon. Domenico was pleased with the ball handling of his two quarterbacks, Chuck Hlire and Buddy Lynch.

Commenting on overall conditioning, Domenico believes the team is about three practices ahead of last year's team.

One player has left the squad, leaving 36 team members.

Morning and afternoon practice sessions will be held every day this week, with the squad going into its regular practice schedule next Tuesday.

Reserved Seats Available Now

The deadline for reserved seat season ticket holders to buy the same seats they had last year for Washington C. H. High School football games is Wednesday.

Clyde Cramer, IHS ticket manager, said that holders of season tickets of last year, may get the same seats for this season if they do so before the deadline.

After Wednesday, the remaining seats will be open to the public. Tickets may be purchased at Bray's News and Sports Center, corner of Court and Main Sts.

Park Schedule

Community Park schedule:

Monday — Softball: Mickle vs. Washington C. H. and Thornton vs. Med-O-Pure. Basketball: Dick English vs. Terry Fulton.

Tuesday — Softball: FOP vs. NCR and Hobbie vs. Coffman. Basketball: Emerick vs. W. Ellis.

Wednesday — Softball: Stanton vs. Hobbie and Mickle vs. Coffman. Basketball: Jeffersonville vs. Dick English.

Thursday — Basketball: Fulton vs. Bloomburg.

Jetettes and Dames of the Girls' Softball League will playoff their 8 to 8 tie Tuesday at 5:30 p. m. The winner of this game will play the Zorros Friday night.

## Auto, Gas Taxes Netted County \$715,388 for Year

Auto licenses were the biggest  
single source of state revenue for  
local government purposes exclu-  
sive of schools during the fiscal year  
ended June 30, 1958, State Auditor  
James A. Rhodes reports. The gaso-  
line tax was next.

The amount which Fayette County  
received from these state col-  
lected taxes and license was \$715,-  
388.51. Payments by the state to  
local governments out of auto li-  
cense money amounted to \$64,312,-  
166.48. The gasoline tax provided  
\$50,221.265. Other tax sources were:

From the intangible tax paid by  
financial institutions, \$24,756,592.75;  
sales tax, \$24,000,000; liquor license  
fees, \$8,271,220.75; motor transpor-  
tation tax, \$101,523.67; Pawnbroker  
licenses, \$12,950.

Total payments to cities, villages,  
counties and townships from these  
seven revenue sources during the  
last fiscal year were \$171,675,718.65.  
This was an increase of almost \$10  
million dollars over the previ-  
ous fiscal year.

The Fair Board, Commissioners, Engineer and wives all came down to El Ray Corral, where a nice dinner of charcoal broiled steaks was thoroughly enjoyed. After dinner the many suggestions noted by directors to improve our next fair were discussed and committees appointed to carry them out. Altogether it was a very enjoyable evening.

Buick out to Chester and Elsa Dunn's the other night. Occasion: Forty-first wedding anniversary of the Duns, after a bounteous potluck dinner I asked Chester, who did the proposing. He said: "We were sitting in the swing on the front porch. Elsa leaned over and whispered in my ear. I said the heck you are, and we got married the next day."

Chester has carried the mail to these many years and can soon retire.

## Commissioners Discuss Road, Ditch Matters

Property Owners Confer with Board On Lees Creek Plan

The Fayette County Board of Commissioners were meeting with property owners Monday afternoon in connection with the proposed improvement of the Lees Creek Ditch in Concord and Green townships. The session is a continuation of the final hearing which was adjourned recently.

The Monday morning meeting of the commissioners dealt only with routine matters and approval of bills.

One item to come before the board, and approved, was an agreement through the state highway commissioner, as agent for federal funds, for the county to maintain and keep in repair 2.74 miles of the Greenfield-Sabina County Road No. 5, in Perry Township.

The federal government furnishes part of the cost of reconstruction and other improvement of this section of the highway.

ORGANIZATION was effected at the meeting of the boards of commissioners held last week in Circleville for Fayette, Pickaway and Ross counties, on the proposed improvement of the McKinley Kirk Ditch, also known as the Mud Run Ditch.

The first hearing date was set for Oct. 30, at 1:30 p. m. in the courthouse at Circleville. More than 250 landowners are involved in the proposed repair, widening and deepening of the ditch.

Wayne Hines, president of the Pickaway County Board of Commissioners, was elected chairman for the hearing and Mrs. Verna O'Hara, Pickaway County auditor, was chosen to act as clerk in all proceedings. The original petition was filed in Pickaway County.

## UAW Strikes 3 Ford Plants In North Ohio

CLEVELAND (AP) — United Automobile Workers Local 1250 has struck three Ford Motor Co. plants in suburban Brook Park to back up demands the company reinstate a fired union committeeman. About 2,100 workers are involved.

Pickets turned back first-shift workers scheduled to report at 11 p. m. Sunday. Few workers appeared at the plants, having been informed earlier of the strike action.

No trouble was reported as the strike closed down the two engine plants and the foundry works. A union spokesman said the strike would continue until the company reinstated Tex Leonard, the fired committeeman.

A strike vote was approved at a mass meeting Sunday afternoon. Members rejected a motion from the executive board and bargaining committee, which recommended that no action be taken while grievance proceedings were in progress.

Union members held a 24-hour strike at the plants last Tuesday to protest Leonard's firing.

Plant operations have been at a reduced force preceding production of 1959 models. Last week, only 2,100 of a normal complement of 6,000 workers were employed. Some 4,000 laid off a week ago were scheduled to return to their jobs Sept. 2.

## Seventh Graders Get Acquainted With WHS Teachers

More than 200 new seventh graders attended an orientation meeting in the Washington High auditorium Monday morning. Principal John B. Hardin was in charge.

Following a discussion of regulations and procedures, the seventh grade home room teachers, Robert Parrett, Miss Anne Stinson, Miss Ruth Stecher, Stanley Johnson and Mrs. Grace Idem were introduced. Marvin Merritt, the other home room teacher, was absent because of coaching duties.

A tour of the high school building was led by Judy Cahall, Mike Lawrence, Bill Southworth, Bill Crooks, Ron McCray, Shirley and Carolyn Walker, Sharon Kerns, Alen McClung and Helen Smith, all members of Student Council.

At the registration a total of 224 seventh grade students registered last week. Hardin said several more are expected before school starts next Tuesday.

## Weekend Auto Crashes Hurt 4

Sports Car Upsets On Rural Highway

A 1956 sport car skidded 183 feet overturned on a rural road, sending three occupants to Fayette Memorial Hospital for treatment Sunday night.

In the city which had been accident-free since Wednesday, four collisions occurred Sunday with an 84-year-old woman treated and released at Fayette Hospital. Police said Louis. Leisure, 84, of 104 E. Paint St., suffered a bruised chest.

Warren R. Detty, 23, of Route 5, the driver of the sport car, was treated for a laceration of the scalp and scratches on the forehead, the hospital said. Cherry Greene, 17, Bloomington, was treated for arm and face injuries. Miss Kay Detty, 18, Route 5, was treated for small lacerations of the face, left hand and arm. All three were released.

Sheriff Orland Hays said Detty was driving south on the Danville Rd. at 10:30 p. m. Sunday when his car went off the road as he rounded a curve, skidded 183 feet through a fence and into a cornfield and overturned. About five rods of fence and an undetermined amount of corn was damaged.

DETTY'S CAR which he had owned for only three days, was damaged to the extent of about \$1,000. He was charged with reckless operation.

Pleading not guilty in Municipal Court Monday Detty was fined \$10 and costs. The fine was suspended.

Mrs. Leisure was a passenger in a car driven by Jacob Paul Spangler, 56, of 104 E. Paint St. involved in an accident with a car driven by Robert Paul Weaver, 42, Zanesville, Sunday at 9:40 p. m. at Fayette and Market Sts., police said. Both cars were damaged heavily, but no one was injured.

John Terry, 31, Cincinnati, was cited by police for failure to stop within an assured clear distance after an accident involving a car driven by Austin J. Paul, 41, Barberton, Sunday. Terry said he saw the Paul car stop for the light at the "point" on Clinton Ave. and applied his brakes, but his car slid into the stopped car.

BOTH CARS were lightly damaged in an accident at Clinton and Oakland Aves Sunday at 8:25 p. m. involving cars driven by Pearl May Bailey, 61, Lebanon, and Robert N. Derbyshire, 26, Columbus. Neither driver was cited.

David Samuel Bondurant, 16, Columbus, told police he was backing into a private drive on the 600 block of Broadway when he hit the parked car of Harold N. Dewese, 729 E. Market St. He was not cited.

## Chief Justice Raps Delays By Courts

LOS ANGELES (AP) — Chief Justice Earl Warren said today that innumerable and unjustifiable court delays are compromising the basic legal rights of thousands of Americans.

These delays, he said, are corroding the very foundations of constitutional government in the United States.

The chief justice, delivering the keynote address at the American Bar Ass'n's 81st annual convention, said that realization of legal remedies is painfully slow for many people.

"And to the extent that this is so, there is created a disrespect for law at a time when everyone should be continually conscious of the fundamental principle that it is primarily the law and its adequate enforcement which makes liberty possible," he said.

"Therefore, I urge that we make the improvement of justice the great central cause of our profession."

The former California governor said lawyers and judges must relate their responsibilities to the orderly and effective administration of justice in its broadest terms.

## Route 22 Bridge Open; State Asks Bids on New One

Replacement Span To Get Underway During September

The Route 22 bridge, a mile west of New Holland, was opened to traffic Saturday at 4 p. m.

The structure had been closed since Aug. 6 when a semi-trailer truck crashed into one corner of it, damaging it extensively. The repair work took about 10 days.

William Markley, superintendent of highways here, said that the bridge is open for all traffic. The bottleneck bridge has been the scene of many accidents. A new one is to be built.

THE NARROW SPAN will be used until the new structure is started sometime next month. The Ohio Department of Highways has announced that sealed proposals for construction of the new bridge will be received at the office of the State Highway Director of Ohio at Columbus, until 10 a. m. Sept. 16.

During the construction, a run-around makeshift bridge will be placed over Paint Creek to handle the traffic.

THE NEW BRIDGE will be of steel beam construction with concrete deck and concrete substructure. The length of the improvement project, which includes better approaches will be 3,485 feet.

The bidder must submit with his bid a certified check for \$10,000. Plans and specifications are on file in the Department of Highways headquarters and the office of the division deputy director.

The director reserves the right to reject any and all bids.

## Car Theft Attempt Reported to Police

An attempted auto theft was reported to police over the weekend.

Someone tried to force their way into a car parked near the Washington Coffee Shop on Market St. Friday night. The report made to police Saturday at 10:45 a. m. said the wing on the left front window was broken, but the would-be thief failed to gain entry into the car.

The name of the owner of the car, registered in a hotel, was not available.

## Courts

ASK CONTRACT TERMINATED

Audree B. Gorton and Beverly Gorton Harper, Washington C. H., have brought suit in Common Pleas Court asking that a farm contract with Richard Earl Hodson, Route 1, New Holland, be terminated.

The petition states that the defendant has failed to meet the terms of the agreement involving 275 acres in Marion Township, and the plaintiffs ask that they be restored to the premises of which they are owners, subject to the defendant's rights, if any, in harvesting growing crops.

## Father Fined As Son Gets Auto Citation

A father is paying a high price for allowing his son to drive without a driver's license.

William V. Preston, 42, of 917 N. North St., was fined \$25 and costs in Municipal Court Monday for allowing an unlicensed operator to drive his car. His son, Phillip V. Preston, 16, of 828 E. Market St., was placed on probation in Juvenile Court for driving without an operator's license. He was cited following an accident Aug. 16 on Route 62.

When the elder Preston was brought in court, records showed he had not paid \$180 assessed against him after a driving while intoxicated conviction in 1956. He will be in the county jail until both fines are paid.

OTHER CASES in Municipal Court Monday included a charge against Elbert Roy Mossbarger, 42, Old Springfield Rd., who forfeited a \$15 bond. He was cited for driving 44 mph in a 25 mph zone.

Melvin J. Abele, 37, Fairview Park, forfeited \$15 bond on a charge of running a red light. After paying for driving 43 mph in a 25 mph zone, Burdette W. Johnson, 28, of 145 E. Riverview Dr. was fined \$5 and costs.

Others fined \$5 and costs for speeding were Raymond W. Sowders, 47, of 322 Walnut St., and John Pettit, 30, of 810 Maple St.

## Elks Stag Picnic Thursday Night

Plans have been completed for the annual Elks stag picnic to be held Thursday night at the Fairground, Horace Jacobs, exalted ruler of Washington C. H. Lodge No. 129, has announced.

It will start at 3 p. m. and a dinner of fried chicken with all the trimmings will be served at six. There will be entertainment.

Tickets are available from members and at the Lodge home, 222 N. Main St. Charles W. James, is the ticket chairman.

Proceeds from the annual affair help support the many charities and other activities of the Elks here.

## Hot Brakes on Auto Give Firemen Exercise

No apparent damage was suffered by the 1958 car that was the cause of a fire department run at 4:15 p. m. Sunday.

The report said the car, driven by Ronnie L. Coffman, 727 Yeoman St., was parked at Oakland and Dayton Aves. Hot brakes caused the fire which was out when firemen arrived.

## Bender Takes Hoffa Job, Pledges To Pull No Punches

WASHINGTON (AP)—The chairman of a citizens commission named by Teamsters Union President James R. Hoffa to probe corruption charges against teamsters officials says he's not going to pre-judge anyone.

"All I can say is that I do not pull punches," said George H. Bender Sunday in Cleveland. "Just wait and see."

Hoffa announced Saturday he was naming Bender, former Republican senator from Ohio, to head a three-man citizens commission. The other two are F. Joseph Donohue, Democratic former District of Columbia commissioner, and Ira W. Jayne, retired Wayne County (Detroit) judge and law professor at Wayne University. A teamsters lawyer said they would be paid \$250 a day each while at work.

In announcing appointment of the group, Hoffa said the commissioners "shall guide us and assure the membership of our union a strong, honest leadership."

The teamsters president, himself a target of corruption charges by the Senate Rackets Committee, said "I intend to meet squarely charges of corruption."

Bender, who planned to come here today, said he wants to help clean up the teamsters union because he said he is convinced Hoffa is sincere, adding: "If I didn't think so, I wouldn't accept the chairmanship of this commission."

But Sen. John L. McClellan (D-Ark), chairman of the Senate Rackets Committee, was skeptical.

"The test of the good faith and power of this Hoffa - appointed commission is: Can and will it move against Mr. Hoffa himself," McClellan said Saturday after Hoffa had notified him of plans to set up the commission.

Asked in Cleveland whether his investigation would include Hoffa, Bender said:

"We (the commission members)

didn't elect Hoffa. He was elected by the union membership."

McClellan said his committee "will not be deterred in its course of duty. Its investigations will continue."

The rackets committee has charged Hoffa surrounded himself with hoodlums and worked with underworld elements in trying to extend his labor power. The committee's hearing on the teamsters and Hoffa resume tomorrow.

It was unclear what connection, if any, the new anti-racketeering commission would have with the monitors appointed by a federal court some months ago to watch over teamsters affairs.

Hoffa made no mention of the three monitors in announcing the new commission. And Martin F. O'Donoghue, monitors' chairman, said yesterday Hoffa didn't consult them. O'Donoghue said creation of the commission "has serious implications and until I get all the facts concerning its powers and duties, I have no comment."
